Tuxedo
Design: Nienkämper

**What sets classic design apart from mere cleverness?
More than anything else, it's a matter of staying power.**

Let's face it: today's hottest new concept in seating will probably look hopelessly dated by tomorrow. But quality, simplicity and comfort are here to stay. And in the long run, that's why nothing can surpass the elegance of a Tuxedo.

Tuxedo Design: Nienkämper

Tuxedo seating is a very simple design that makes a strong statement in any public space including corporate lobbies and executive lounges. Available in fabric, leather, or a combination, Tuxedo is understated with strong clean design elements. The straight back makes the chair ideal for public areas where space is limited, allowing the furniture to be placed very close to the wall.

The classic Tuxedo sofa is offered without a welting detail. The armless lounge chair has finished sides.

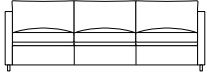

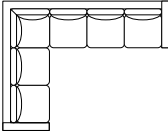

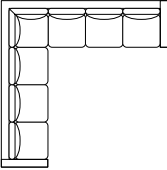

Seat, back and cushions:

When upholstered in leather, seat and back cushions are a foam core wrapped in a down and feather combination.

When the COM is light weight, a welting detail is added to the perimeter of the seat and back cushions.

Base:

The chair sits on a discreet base that runs under each arm. The base is made of tubular steel and finished in black paint.
