

PRODUCT INFORMATION Shift-p-BStand_TY_EN - 20.03.2014 - www.vs-furniture.com

Shift+ Base Height-adjustable teacher's lectern.

Frame consisting of welded, powder-coated, U-shaped steel skids and a centrally positioned leg/post with integrated gas-filled strut. Skids as standard with 4 castors (2 of which lockable).

Function: The gas-filled strut is actuated by a hand switch on the edge of the lectern top. The hand switch is fitted with a safety cover to protect against unintentional actuation.

Lectern height steplessly adjustable.

Lectern top (freeform) made of melamine-resin-coated LIGNOpal chipboard with glued-on plastic edge. The corners are rounded (22 mm).

Equipment: Bookshelf made of sheet steel edged on three sides under the lectern top.

The following material groups are available to choose from: Frame made of steel: M1,2; Top made of LIGNOpal: L1, (white).
